

OUR PHILOSOPHY

Little Schoolhouse Preschool understands the importance of developing the whole child. Every child develops and grows cognitively, socially, emotionally, physically, and spiritually. We believe that every child should be provided multiple and varied opportunities to develop each of these areas at his/her own rate. To encourage development, we will provide a loving and caring Christian environment that is supportive, nurturing, and responsive to each child's individual needs. Such an environment is created by combining challenging, interesting activities with clear and appropriate boundaries, and is maintained with gentle re-enforcement and positive redirection. We believe children create and expand their own knowledge through hands-on, child-led activities. Using developmentally appropriate practices, teachers act as a guide to facilitate learning for all children.

OUR MISSION

Little Schoolhouse Preschool is a program of excellence committed to providing professional staff, Christ centered environments and loving relationships for the education and whole development of young children and their families.

LITTLE SCHOOLHOUSE PRESCHOOL

Positive guidance for active learning

2019-2020

A licensed, Step Up to Quality
Early Childhood Center

ABOUT US

Little Schoolhouse Preschool is a licensed, Christian preschool offering 9 different classes for young children ages 30 months through 5 years. We received our first Quality Achievement Award through Ohio's Step Up to Quality program in 2007, currently hold a 5 star rating and have applied for our 5 star rating. Quality and excellence is very important to us and we strive to be the best for young children.

Little Schoolhouse uses many sources to build a reliable, appropriate curriculum for children; The *Creative Curriculum* supports our philosophy of best practices when working with children, *Step Up To Quality* guidelines and the use of *Ohio's Early Learning and Development Standards* ensure quality and age appropriate vigor of curriculum, and observation/documentation are reflected in our weekly lesson planning.

OUR PROGRAMS

STEPPING STONES - 2 1/2 years

The Tiny Turtles class is designed to assist parents in nurturing our youngest children with their social/emotional/spiritual growth. Children must be 30 months old by Sept. 1st of the attending year.

BUILDING BLOCKS - 3 years old

The Bears and Elephants classes have a strong focus on social/emotional development as many children are experiencing their first year of school. Children are also introduced to language & literacy, math, science, and social studies concepts.

TRANSITIONS - 4 years old

In the Frog, Butterfly & Giraffe pre-kindergarten classes, children discover math, science, social studies, and, language & literacy concepts through active participation in a hands-on environment. Children continue to refine their social/emotional development to increase their independence and reinforce critical listening and participation skills that are necessary for kindergarten readiness.

CONNECTIONS - 5 years old

This class is specifically designed for children who have already turned 5 years and will benefit from an extra year before kindergarten. The Penguin class is a continuum from the transitions class to offer further preparation before kindergarten.

ENRICHMENT CLASS- 3-5 years old

The enrichment course will have children dive deep into a focus area in fun and creative ways. The group will spend 3-4 weeks exploring one main idea such as science, health, author studies, measurement, or the science of cooking to extend their thinking, reasoning, and knowledge bases.
